

# Prashna Kundali Explorer

Astrology Software CD

Prashna Kundali Explorer is the world's only Horary Astrology software based on Vedic Astrology.

The Vedic Horary (Query) system casts the horoscope of the time when the question is asked, and an interpretation is made according to the position of the zodiac then.

Prashna Kundali Explorer gives you the complete charts, and interpretations for over 250 pre-fed queries, and also generates the analysis for silent queries, or queries not in the database.

## Screenshots

### **Get Answers From Vedic Astrology**

Vedic Astrology's Prashna (Query) branch deals with answering questions on the basis of the stellar positions at the time the question was asked. This is also called Horary astrology.

Prashna Kundali Explorer is the only software that gives you the analysis of queries according to the Vedic Prashna system.

### **Over 250 Pre-Fed Queries**

Prashna Kundali has over 250 pre-fed queries that you can select from. The queries are spread over categories like life, health, finance, family, journey, etc.

You can even get answers to questions not in the list using the 'Silent Question' feature.

### **In-depth Analysis**

Prashna Kundali Explorer not only gives you the 'What', but also the 'Why'. You get full details of the Vedic astrology combinations that lead to the conclusion that Prashna Kundali gives. This will be of great help if you consult a professional astrologer.

### **Multi-Lingual**

Prashna Kundali is available in Hindi, English, Bangla, Kannada and Telugu.

### **World's only Vedic Horary Astrology Software**

Prashna Kundali Explorer is the only software in the world that gives you detailed analysis and predictions as per the horary system outlined in Vedic Astrology.: -
